Information regarding readmission can be found via our Office of Admissions and Recruitment by searching "Re-Admission" in the search bar on our homepage or by entering the following link: <https://www.asurams.edu/admissions/readmission/>

ADMISSION TO THE RN-TO-BSN PROGRAM:

The RN-to-BSN nursing program has a competitive admission. Students will be granted admission according to their qualifications and the completeness of their application packet.

Applicants must:

1. **FIRST**, submit an application for admission/readmission to Albany State University and **be admitted** in good standing.
2. **AFTER being accepted/readmitted as a student** at Albany State University, submit the completed application and the \$20.00 application fee money order by the application deadline.

Following admission to the nursing program, students must submit the following documentation prior to the course's established pre-clinical deadline: malpractice insurance, proof of active health insurance (or enrollment into the student health insurance plan), a complete criminal background check, and a drug test at the expense of the student. The criminal background check will be completed utilizing PreCheck.com.
 - a. Students are subjected to compulsory background checks per clinical agency requirements and may also be required to submit to random tests for illegal use of controlled substance as a provided by the law or regulations of the contracting agency. If the site refuses to allow a student to attend clinical experiences, the nursing program is not obligated to find another clinical site. The student may not be able to complete the nursing program at ASU. Therefore, it is important to conduct personal record checks prior to admission to the nursing program.

NOTE: A student who has failed (D, F, or WF) two (2) nursing courses, whether at a 2-year or 4-year institution (including ASU) will not be eligible for admission or continuation in the nursing program at ASU. Students with no more than two (2) nursing failures may be considered for entry (or reentry) into the nursing program on a case-by-case basis only after a 5-year period has passed from the most recently-earned failure. Only one (1) nursing failure may be forgiven.
